Special design & shape

Laura typically has a square or rectangular housing, providing a modern and sleek appearance. The square design ensures even light distribution and efficient coverage of large areas.

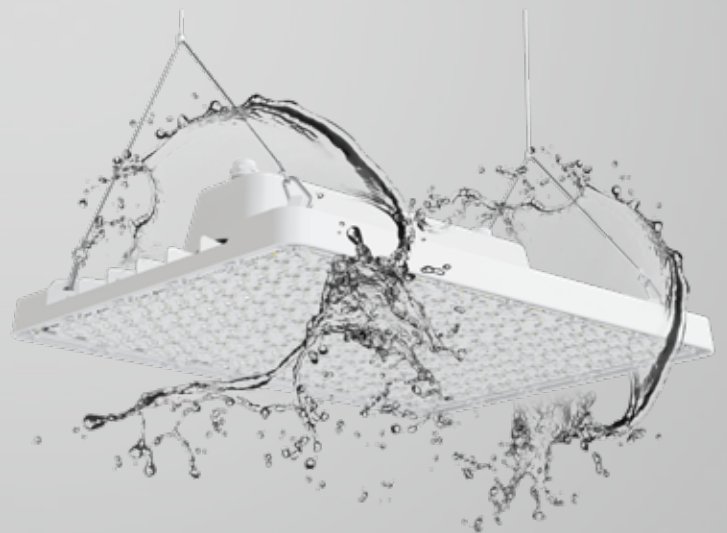

High Efficiency High Bay (165lm/w)

High lumen output (16,500 to 33,000 lumens) to illuminate large spaces effectively.

Available in various color temperatures (3000K warm white, 4000K neutral white, 5000K-6000K cool white) to suit different applications.

Durability and Build Quality

Constructed with robust materials such as aluminum for heat dissipation and longevity. Often rated IP65 for dust and water resistance, making them suitable for wet environments.

Application

Laura square high bay light is a type of high-intensity lighting fixture designed for large, open spaces with high ceilings, such as warehouses, gymnasiums, factories, and retail stores.

PRODUCT PARAMETER

100W/ 150W/ 200W

Model Number	IL-HB25-N10040-75	IL-HB25-N15040-75	IL-HB25-N20040-75
Power	100W	150W	200W
Luminous Flux	16500lm	24750lm	33000lm
Driver	OSRAM		
Ra	80		
Light Efficiency	165lm/W		
Input voltage	220-240Vac		
Operating Temperature	-30°C to +50°C		
Ingress protection code	IP65		
Beam angle	75°		
SDCM	<5		
LED Lifespan	80,000Hrs@L80B10 (Ta 25Deg)		
Lens materials	PC		
Color	White		
Mounting options	Suspending/Ceiling mounted with bracket		
Intelligent control	0-10V/DALI/Microwave sensor
